

2019 Water Life

MARCH 10-13,
2019

SHERATON MYRTLE BEACH CONVENTION CENTER

| Session# | Session Title | Time Room | Abstract Title Presenters |
|---------------------------------------|-----------------------|--------------------------------|---|
| Monday, March 11th | | | |
| M-3 | Wastewater Treatment | 9:05 AM - 9:35 AM BR-B | Biological Phosphorus Removal Intensification & Optimization Joe Rohrbacher |
| M-4 | Management/Resiliency | 10:15 AM - 10:45 AM 101 | Leveraging Data to Understand & Mitigate Loss During Extreme Storm Events Matthew Jones |
| M-11 | Wastewater Treatment | 1:40 PM - 2:10 PM BR-C | This Old Ditch: Oxidation Ditch Improvements for Increased Capacity & Reliability David Wankmuller |
| M-9 | Water Treatment | 3:25 PM - 3:55 PM BR-A | Developing Calibrated Jar Testing Procedure to Optimize Coagulation Meric Selbes |
| M-10 | Wastewater Collection | 4:00 PM - 4:30 PM BR-B | The Ripple Effect of a Sewer Diversion Project: A Case Study of the Lady's Island Sewer Diversion Leon Fanning |
| Tuesday, March 12th | | | |
| T-5 | Biosolids | 11:00 AM - 11:30 AM 102/103 | Leveraging Existing Assets for the Future: A Progressive Pathway Forward in Biosolids Management Ruth Borgmann |
| T-14 | Resiliency | 2:05 PM - 2:35 PM 104/105 | Case Studies Demonstrating the Value of the Envision Sustainability Rating System at Various Planning & Design Phases Evan Bowles |
| T-13 | Biosolids | 2:40 PM - 3:10 PM 102/103 | IT'S ALIVE: Bringing the Rehabilitated Columbia Metropolitan WWTP Anaerobic Digesters Back to Life Michael Bullard |

Hazen

Hazen and Sawyer is proud to support SCEC 2019 as well as our engineers and scientists who hold leadership positions.
